ECLIPSE OUTDOOR

ELEVATE YOUR VENUE WITH THE ECLIPSE SERIES

Designed for stadiums, athletic complexes, schools, and community facilities, Eclipse delivers high-brightness, full-color video that keeps fans engaged and puts your facility in the spotlight. Available in 6mm and 10mm pitch sizes.

Eclipse LED displays are engineered to perform in demanding outdoor environments, providing exceptional visibility in direct sunlight and reliable operation through changing weather conditions.

- Ultra-slim profile and lightweight aluminum construction
- Multiple pixel pitches and cabinet configurations
- Full-color video, graphics, animations, and instant replays
- Custom sizes and layouts for a variety of venues

OPERATED BY FAIR-PLAY FUSION | One platform. Total game-day control.

Whether you're replacing an aging scoreboard, adding video capabilities, or creating a new centerpiece for your stadium, Eclipse offers the flexibility to fit your facility and your vision.

- Flexible configurations, including curved and custom layouts
- Integration with existing scoreboards or new scoring systems
- Fusion software supports scheduling, video, animations, and more

CREATE MORE VALUE. GENERATE MORE REVENUE.

Eclipse is more than a video board. Digital sponsor rotations, branded content, promotions and community messaging create new revenue opportunities while delivering more value to fans, sponsors and community partners.

ECLIPSE INDOOR

STANDARD AND CUSTOM SIZES AVAILABLE

Our Eclipse Indoor Series isn't a standard indoor LED screen; it is a complete package that's perfect for your indoor facility's brand and sponsorship goals. Available in 2.5mm and 3.9mm pitch sizes.

ECLIPSE SERIES PACKAGES

LED cabinets, frame with mounting options, base cladding/end caps, NovaStar controller, spare parts as well as optional Fusion Software.

Slim Design. Flexible Layouts

Ultra-slim 1.5-inch profile and lightweight die-cast aluminum for clean wall mounting in modern gymnasiums. Multiple cabinet sizes support curved, cornered and custom branded scoreboard designs.

1.9MM FOLDABLE INDOOR LED POSTER DISPLAY

Vibrant Messaging, Flexible Design

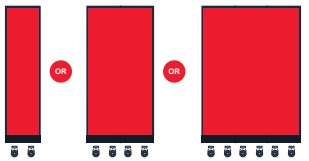

The Fair-Play LED Poster Display features a 1.9mm pixel pitch, foldable design and caster wheels for lobbies, atriums and concourses.

Promote. Inform. Guide.

Promote leagues, camps and community activities with registration QR codes. Showcase concession menus and specials, share game and facility schedules, and guide guests to registration, concessions and events.

More possibilities. Greater value.

- **Create sponsorship opportunities.** Showcase local businesses and sponsors to help offset costs.
- **Reduce reprinting.** Refresh promotions, schedules and announcements without replacing printed posters.
- **Move with your needs.** Roll into position and fold for transport or storage.
- **Expand your message.** Connect LED posters for a larger display.

OPERATED BY FAIR-PLAY FUSION | One platform. Total game-day control.

FUSION CONTROL SOFTWARE

CONTROL MULTIPLE DISPLAYS AT ONCE

Control all LED video displays across the gym or stadium from one computer.

TRIGGER CREATION

Set up visuals for game events and activate them with one click.

AUTOMATIC GAME-DAY SCHEDULING

Preschedule sponsor ads, announcements, and graphics so everything runs automatically during the game.

WORKS WITH EXISTING SCOREBOARDS

Compatible with most fixed-digit scoreboards without requiring a new controller.

HYBRID SCOREBOARDS

SCOREBOARD PERFORMANCE. VIDEO BOARD EXPERIENCE.

Indoor hybrid scoreboards combine the reliability of a traditional scoreboard with the flexibility of a high-resolution LED video display. Facilities receive the dedicated scoring information they need while adding video, graphics, sponsorships, and entertainment in one integrated solution.

COMMONLY PAIRED INDOOR FIXED-DIGIT SIZES

9’ | 12’ | 13’ 4” Four-Sided | 15’

THE BEST OF BOTH WORLDS. FOR MAXIMUM VISIBILITY.

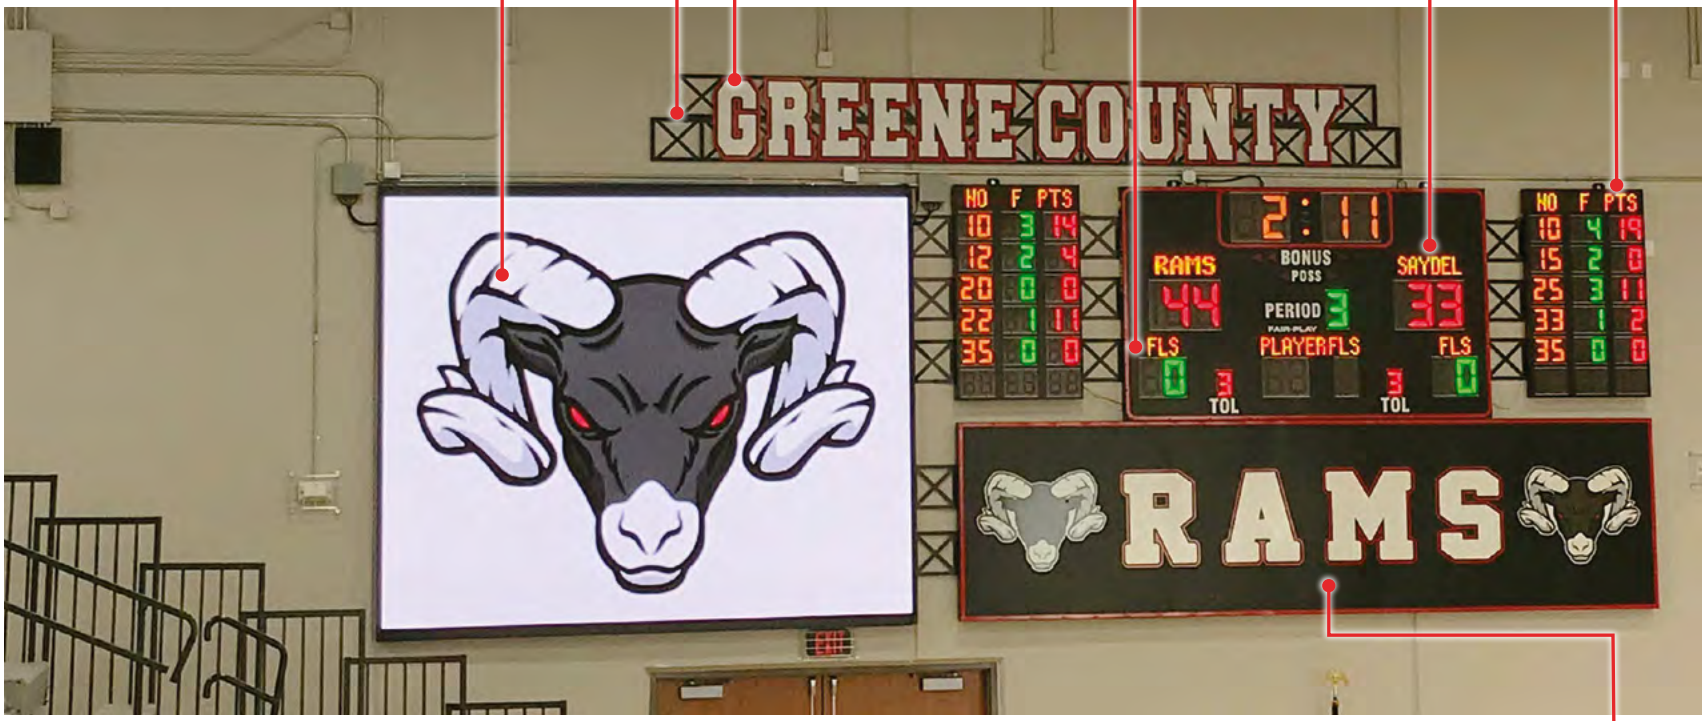

Outdoor hybrid scoreboards combine traditional scoreboard visibility with vibrant outdoor LED technology, allowing facilities to enhance the fan experience while creating new sponsorship opportunities and school revenue.

COMMONLY PAIRED OUTDOOR FIXED-DIGIT SIZES

26’ | 27’ | 32’ | 36’

DESIGN YOUR OWN HYBRID SCOREBOARDS

FIXED-DIGIT

SCOREBOARD OPTIONS

- Personalized vinyl home team name
- Scoreboard caption color (other than white)

SOUND

Whether upgrading an existing system or outfitting a new venue, Fair-Play offers options to match your space, seating layout and coverage needs. Clear announcements and full-range music for gyms, fields and stadiums.

INDOOR / OUTDOOR

SYNERGY HORN

- A wireless announcer mic and touchscreen controls make it easy to manage audio.
- Directs sound across the court and into the bleachers to help announcements stay clear in echo-prone gyms.
- An included tapped horn subwoofer adds depth to game-day music.

OUTDOOR STADIUM

SBA 96

- Full-range outdoor sound for clear announcements and game-day music.
- 90° × 60° coverage directs sound across stadium seating.
- Optional subwoofers add deeper bass for music and team introductions.

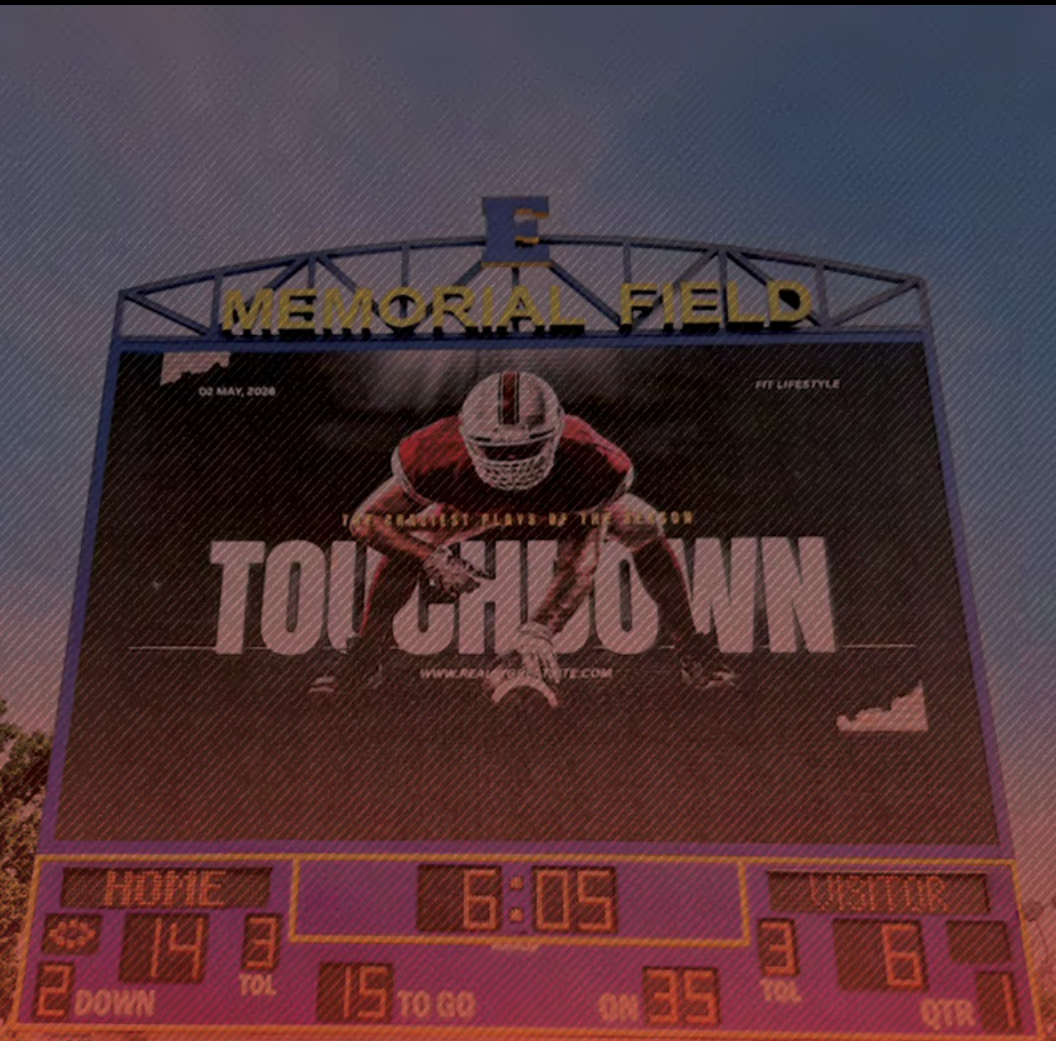

JERICHO SYNERGY HORN

- Delivers clear announcements and full-range music at distances beyond 1,000 feet.
- Directs sound toward stadium seating with 90° horizontal × 40° vertical coverage.
- Combines low-, mid-, and high-frequency drivers in one cabinet to deliver focused, full-range sound.
